GARY NAMED SENATOR

South Carolina Legislature Elects Successor to Latimer.

CHOSEN ON THE 18th BALLOT

Mr Gary Comes of a Distinguished Family and Has Occupied Several Places of Responsibility in the State of South Carolina.

Columbia, S. C., March 9.—On the eighteenth ballot, Frank B. Gary, of Abbeville, was elected Friday United States senator from South Carolina, to succeed the late Senator A. C. Latimer.

The deadlock continued two days, and Mr. Gary was elected on the eighteenth ballot, receiving 81 votes. The legislature convened in special session last Tuesday for the purpose of electing Senator Latimer's successor.

The claim is made that the nomination of Sheppard caused a break to Gary along former factional lines.

Sketch of the Senator.

Frank Boyd Gary was born March 9, 1860. He is a nephew of the late General Mart W. Gary. He graduated from Union college in 1881, and is a lawyer by profession. In 1880 he was elected to the house of representatives, and served as a member of the constitutional convention in 1895. In 1896 he was elected speaker of the house, and served in that capacity for five years. He was a candidate for governor in 1902, being first to advocate local option as between prohibition and the state dispensary.

Mr. Gary comes of a distinguished family, having one brother, Eugene B. Gary, on the supreme court bench of the state, and another, Ernest Gary, as a circuit judge. He himself has acted as a special circuit judge. He is a nephew of the late General Mack Gary, a famous confederate general.

CLEVELAND CANNOT COME.

Former President Will Not Be Able to Visit Atlanta.

Atlanta, March 9.—Grover Cleveland, the only living ex-president and a member of the national child labor committee, which will meet in Atlanta early in April, has written to Dr. J. A. McKelway, secretary of the committee, that he will not be able to attend at this time.

Secretary of War Taft, also a member of the committee, has declined also, giving as his excuse a previous engagement in another part of the world.

President Cleveland writes that he is deeply interested in the work undertaken by the committee and wishes it were so that he could lend his presence at the time designated.

Whitney Engages Trainer.

New York, March 9.—Harry Payne Whitney has announced that he has engaged A. J. Joyner as trainer for his racing stable in place of the late John S. Rogers. "Jack" Joyner ranks as one of the best trainers in the country. He handled a big stable for Sidney Paget up to last season, when the latter sold most of his horses. He brought out and developed such good horses in recent years as Waterboy, Water Cooler, Hamburg Belle, Cairngorm, Water Pearl and Charles Edward.

Mammoth Warship Launched.

Wilhelmshaven, March 9.—Germany's first mammoth warship was successfully launched here Saturday and christened Nassau, by the Grand Duchess of Baden. Emperor William, the Grand Duke of Baden, Prince Henry of Prussia and Prince Henry of the Netherlands, as well as a brilliant assemblage of prominent officials, were present.

Train Derailed; Many Injured.

Kansas City, Mo., March 9.—The Burlington passenger train No. 4, which left Kansas City at 7:30 Saturday morning for Chicago, was derailed at Kearney, Mo., 35 miles north of Kansas City. Several cars are reported to have turned over and 19 persons are reported injured.

ARMY DESERTER GIVES SELF UP.

Surrenders on the Advice of His 24-Hour Bride.

Chicago, March 9.—Comforted by the love of his 24-hour bride and by newly professed religion, Ernest L. Dawson is a voluntary prisoner in Ft. Sheridan guard house, having surrendered upon the advice of his sweetheart and wife, Bernice Hodges Dawson.

Dawson enlisted in 1904 and served more than a year in a cavalry regiment stationed in the Philippines. He deserted after his return to America because the remuneration was not great enough to allow him to support his mother, who lives in Bryan, O.

He went to Milwaukee, Ind., to live and there met Miss Hodges. Three weeks later he proposed marriage and confessed his desertion. Upon her advice he wrote to his commanding officer at Ft. Oglethorpe, Ga., and he was arrested Thursday on orders from the war department.

Miss Hodges then, in face of much opposition, married Dawson after he had professed religion and had been baptized. Friends of the bride and groom in the Indiana town, as well as members of the clergy in Chicago, will attempt to have a light sentence imposed.

BRAVE ACT OF ENGINE DRIVER.

Risked Own Life, and Killed Horses to Save Children.

New York, March 9.—In order to save a number of children from what appeared to be certain death, Patrick Mullin, driver of a fire engine, killed both his horses.

Mullin was answering a fire alarm in Brooklyn, his horses on the run, when he approached a public school building. The horses were bearing down on them on the full run and it was impossible for the driven to check the animals.

Suddenly Mullin saw a little girl in a red cap and coat whom he believed to be his own daughter who attended the school. The driver tarew his weight on one rein and swerved the horses onto the sidewalk and into an iron fence. Mullin was thrown off the engine and picked up unconscious, but was not seriously injured and will recover.

Both horses were killed.

The little girl in the red coat was not Mullins' daughter after all, but his action saved several lives.

WISCONSIN NAMES JOHNSON.

Resolutions Adopted Indorsing Governor After Bitter Fight.

St. Paul, Minn., March 9.—The democratic state committee of Minnesota Friday afternoon after a bitter fight adopted a resolution indorsing Governor John A. Johnson, of Minnesota, for the democratic presidential nomination, and recommending that he be named by the national convention at Denver next July.

As the meeting of the committee was presided over by Frank C. Day, private secretary of the governor, and who voted for the Johnson resolution on every test and on the final ballot, the action of the committee is held by political leaders as placing the governor formally in the race for the democratic presidential nomination.

The Johnson resolution was carried by a vote of 68 to 23 after the Bryan adherents had forced two test votes, on both of which they were defeated.

Governors Asked to Stop Race.

Denver, Colo., March 9.—W. O. Stillman, of Albany, N. Y., has appealed to the governors of Colorado, Wyoming and Utah in a letter to enforce the laws and prevent the carrying out of plans for an endurance horse race from Ogden to Denver, a distance of 600 miles. "These exhibitons," Mr. Stillman says in his letter to Governor Buchtel, of Colorado, "are little better than the bull fights which we are prone to condemn in the Mexicans."

Desperate Chase After Robbers.

Latin, Russia, March 9.—A band of thirty men recently attacked the postoffice here and having killed a clerk and policeman, made their escape. A posse of villagers gave chase and in a two-day pursuit four men were killed and three wounded. Two robbers were killed and three captured.

23 ARE UNIDENTIFIED

Nameless Graves For Little Ones Who Died In School Fire.

AFTERMATH OF LATE HORROR

One of the Teachers, Burned Almost to a Crisp, Was Identified by Gold Filling in Teeth—Another Is Identified by the Shoes Worn.

Cleveland, O., March 9.—The body of Miss Katherine Weiler, one of the two teachers who lost their lives in the Collinwood school fire, was positively adentified Friday by a dentist. The body had been so terribly burned that it could hardly be distinguished from the bodies of the small girls. The identification was established by her gold-filled teeth upon description furnished by a Pittsburg dentist.

The body of Rosetta Machnich, a former pupil in the school, was identified also by her shoes. When Mrs. Machnich was positive of the identification she fell fainting upon the charred body of her little one.

There are still twenty-three unidentified bodies. So far 167 bodies have been recovered. The list of missing now tallies with the number of unidentified which would indicate that all the bodies have been found and that the total death list will stand at 167.

In fully 100 cases the funerals will be individual, each family burying its own dead. The first of these funerals was held Friday morning. In some instances funeral services were grouped with five to ten bodies in one church.

The unidentified will be buried next Monday according to present arrangements. The expenses of these funerals, together with the funerals of the children whose parents are not in a financial position to meet the burden, will be paid by public subscriptions which are growing larger every hour.

Already thousands of dollars have been raized. In addition to this, a bill has been introduced in the state legislature appropriating $25,000 for the relief of the needy fire sufferers. This bill, it is expected, will become a law.

COL. LEWIS CARPENTER DEAD.

Was Formerly a Prominent Newspaper Man of South Carolina.

Denver, Colo., March 9.—Colonel Lewis Cass Carpenter, who represented South Carolina just after the close of the civil war, and was wellknown as a newspaper man at that time, having edited papers at Charleston and Columbia, S. C., died here Friday night of cardiac dropsy, aged seventy-two years.

Colonel Carpenter served throughout the civil war and after living several years in South Carolina, went to New York, where he became prominent as a political writer for the Tribune. In 1878 Colonel Carpenter came to Denver, where he held several federal positions.

As assistant postoffice inspector, Colonel Carpenter had much to do with running down mail roobers in Colorado and adjoining states. In recent years Colonel Carpenter had been practising law.

Prominent Inventor Dies.

New York, March 9.—Gustaf Mauritz Westman, a chemist and mineralogist of note, died suddenly in New York Friday night. A company that had just been formed to manufacture wrought iron according to a new plan which he had invented, was expected to have made him rich. Mr. Westman was born in Sweden seventy-three years ago, and became famous through various inventions connected with the manufacture of iron and steel.

Rivers Running Bankful.

Indianapolis, Ind., March 9.—Floods are reported throughout northern Indiana. The Wabash is out of bank for miles northeast of Lafayette. The town of South Peru is partially under water and the interurban lines is out of commission for thirty miles. At Plymouth, Elkhart, Warsaw and other points adjacent, rivers are out of bank and many houses are submerged. There has been no loss of life.

TEN DAYS TO LIVE.

Gainesville Midland Railroad Conductor Gets Threatening Letter.

Gainesville, Ga., March 9.—Captain W. A. Clarke, of the Gainesville Midland railway, was in receipt Thursday of an anonymous letter which stated: "Captain Clarke, you will be murdered within the next ten days. Mrs. Clarke, you will also be killed within the same time."

The receipt of the letter created a sensation here. It was mailed at the Gainesville postoffice. It was written on poor plain paper and was evidently in a man's handwriting concealed partially by an effort to write poorly.

Captain Clarke has been a conductor on the Gainesville Midland since it was begun as the Gainesville, Jefferson and Southern, more than 25 years ago. He believes that some insane person, crank, or possibly a mischievous boy, sent the missive.

The postoffice authorities are at work on the matter, endeavoring to locate the sender.

TO TRAIN IN ATLANTA.

Crack Ball Players Coming to Southern City from the North.

New York, March 9.—Several members of the New York American baseball league team left on the Pennsylvania railroad early Saturday morning for Atlanta, where the team is to go into training preliminary to the opening of the championship season.

Other men of the team will journey to Atlanta by different routes and in all, 26 players, according to Secretary Mahon, will be under Manager Clark Griffith's direction in the southern city, the squad containing eleven pitchers and six catchers. Among those who left here were Hal Chase, Newton, Lake and Neuer, pitchers; Ball, infielder, and Manning, catcher.

GIVEN $20,000 DAMAGES.

Clarkesville Man Gets Big Verdict Against Southern Railway.

Clarkesville, Ga., March 9.—One of the largest verdicts ever secured against a railroad in this county was that of $20,000 given Thomas Brock against the Southern for the loss of both feet.

The case was tried before Judge Kinsey and consumed almost the entire week. The first two days was taken up with testimony and the third with arguments.

The suit was for $30,000.

The case will be carried to the supreme court.

Georgia Bankers To Meet in Rome.

Rome, Ga., March 9.—Group No. 3 of the Georgia Bankers' association will hold their annual meeting this year at Rome, Ga., on Thursday, May 7th. The Rome bankers will spare no pains to make the visit a pleasant and enjoyable one. It is predicted that this will be a well attended meeting by the members of Group No. 3 on account of the date named and the accessibility of the city, as it is reached by three trunk lines of railroads, and the further fact that the meetings have all been held heretofore in Atlanta, and it is the desire of those having the matter in charge to rotate the meetings, in order that the bankers may become fully acquainted with their territory and neighbors.

May Commute Stoessel's Sentence.

St. Petersburg, March 9.—The verdict in the case of Lieutenant General Stoessel, who was recently sentenced to death by a courtmartial for the surrender of the Port Arthur fortress to the Japanese, was formally pronounced Friday. It is regarded as almost certain, however, that Emperor Nicholas will accept the recommendation of the court that sentence be commuted. The court has annulled the sentence of reprimand passed upon Lieutenant General Fock because of the remoteness of his offense.

Carries Many Passengers.

New York, March 9.—When the Hamburg-American liner Amerika sails for Hamburg she will have an unusually large number of passengers on board for this season of the year. The first-class passengers will number 600 and the steerage passengers more than 2,000. This is in addition to a crew of 516 men.

CREATED A SENSATION

German Emperor's Letter Caused Big Stir In England.

MUCH POPULAR INDIGNATION

Kaiser Is Charged with Undue Meddling with the Naval Program and Attempting to Influence the Naval Policy of Great Britain.

London, March 9.—Emperor William's letter to Lord Tweedmouth, first lord of the admiralty, in which, it is charged, his majesty attempted to influence the naval policy of Great Britain, has created a great stir in England, and much popular indignation. The emperor is accused of grave meddling with the British estimates, and the reply of Lord Tweedmouth that the communication was purely personal is considered unsatisfactory, and has allayed neither the anxiety nor the indignation of the public.

Asquith Alludes to Episode.

At the close of Friday afternoon's sitting of the house of commons, Chancellor of the Exchequer Asquith alluded to the episode. He said that an immediate statement seemed to be required in the public interest. "It is a fact," declared the chancellor, "that on February 18, Lord Tweedmouth received a letter from the German emperor.

"It was a purely personal and private communication, conceived in an entirely friendly spirit. My noble friends, the answer was equally private and informal, and neither the letter nor its answer was known or communicated to the cabinet. I may add, in view of certain suggestions which have been made, that before the letter arrived, the cabinet had come to its final decision with regard to the naval estimates for this year."

Want Matter Aired.

There is an insistent demand that the matter be aired in parliament, and Lord Tweedmouth has intimated that further information will be given in the house of lords on March 9. It is a question, however, whether the communication of the German emperor will be made public without the consent of the writer, as well as that of King Edward.

In the meantime the matter was taken up by the cabinet at its meeting Friday afternoon, but no official announcement of any course of action has been made.

The episode was the sole topic of conversation in the lobby of the house of commons Friday.

LIVED WITH BROKEN BACK.

For Two Years Man Lived Strapped to a Board at Hospital.

New York, March 9.—Attacked with pneumonia a day or two ago, in his weakened condition, unable to resist the disease, John Seltine, who had lived for two years with a broken back, died Friday in the Lincoln hospital.

The man's case had attracted considerable attention from medical men. He was struck across the back by a heavy box falling from a pile on Jan. 14, 1906, his spinal column being broken at the eleventh dorsal vertebrae. A companion had his neck broken in the same way, and was instantly killed. Seltine was taken to the hospital and for two years lived strapped to a board.

During the last few months under careful treatment he had shown some improvement, but was so weakened by his enforced lack of exercise that he was unable to withstand a serious malady when it attacked him.

Killed on Mercy Errand.

Shreveport, La., March 9.—A dozen posses are scouring the country in the neighborhood of Forbing, 7 miles from here, searching for an unknown negro who Wednesday night called an aged druggist named Auble from his bed and asked him to go to his store and get some medicine for a sick child. As the old man stepped into the store building the negro pressed a shotgun against his back and fired, causing instant death.

CITY ELECTION TO BE HELD APRIL 14

Council Held Meeting—Requested Mayor to Issue Proclamation.

FULL TICKET CITY OFFICERS

With Exception of Three Councilmen, Who Are Hold-Overs—Little Interest in Coming Campaign, Except Between Candidates for Marshal.

A special meeting of the City Council was held Monday, being called for the purpose of requesting the Mayor to issue a proclamation calling a municipal election on the second Tuesday in April, for the purpose of electing city officials, including four aldermen, for the ensuing year.

This meeting was attended by every member of the council with the exception of Alderman Wittstock, who was detained on account of business.

There seems to be little interest in the coming municipal campaign among the voters, with the exception of the marshalship. There being three candidates for marshal, all good men, the interest in the political pot is already beginning to simmer, and before the election there is likely to be a live but friendly contest.

No suggestions for the aldermanic positions have yet been made with the exception of J. A. Goodwin, the announcement of whose candidacy really started as a jest, but which later formed serious proportions. Mr. Goodwin's friends are anxious for him to enter the race in earnest, and many of the best people of the city have volunteered their support. Mr. Goodwin has begun to look upon the matter seriously himself, being prompted by urgent requests of friends, and may become a candidate in earnest.

The position of mayor seems to be going begging, as there is no particular aspirant who cares to assume the responsibility of relieving Mayor Thomas of the responsible duties which he has so faithfully and efficiently filled with credit to himself and his city.

PROF. LEE WAS GOOD.

Famous Hypnotist Entertained Fair Audience at Opera House.

Lee, the hypnotist, opened his engagement last evening to a good sized audience, and after a few minutes' talk on the subject of hypnotism he displayed the beautiful golden dress which he carried through the audience for the benefit of the ladies present. Once he had secured the service of the young men, he kept the audience highly amused from the start, and all who witnessed the doings of some of the subjects cannot but say it was wonderful how the little man did it.

The probing of a lady's hatpin in the cheek of one of his own subjects without a sign of blood, also putting the same man across two chairs in a state of catalepsy and putting the weight of three grown men on him, more than astonished everyone present.

Prof. Lee's work was refined and clean, and all who were there fully enjoyed a scientific as well as a humorous performance. On Tuesday night he will place a man carried for this purpose in a hypnotic sleep for twenty-four hours in the display window of G. W. Hyde's. He will be put to sleep on the stage and carried there. On Wednesday at 7:30 he will be carried back and awakened at the beginning of the performance. Price, children, 25 cents; adults, 50 cents.

Don't Complain.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Ballard's Horehound Syrup and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J——, Galveston, Tex., writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

Malphurs Will Not Move.

For the past few weeks N. W. Malphurs has been seriously considering removing his family to Jacksonville where he has been on several contracts, but he has concluded that Gainesville is good enough for him.

Mr. Malphurs, who is a contractor and builder, has secured several jobs within the past few days.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

BEST OF PROOF

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousand, many of them from Gainesville and nearby towns, saying that Hyomei absolutely cures all catarrhal troubles. The best proof of its unusual curative powers is the guarantee that J. W. McCollum & Co. give with every outfit they sell: "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is freely given to physicians who want to know what they are using when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

There is no dangerous stomach drugging when Hyomei is used. Its healing medication is breathed through a neat pocket inhaler, reaching every part of the air passages, destroying all catarrhal germs and curing the disease.

SCROFULA AN INHERITANCE OF DISEASE AND SUFFERING

No truth is more forcibly manifested in physical life than the old saying "like begets like;" for just as the offspring of healthy ancestry are blessed with pure, rich blood, insuring health and strength, so the children of blood tainted parentage inherit a polluted circulation to burden their existence with disease and suffering. Swollen glands about the neck, brittle bones, weak eyes, pale, waxy complexions, running sores and ulcers and general poor health, are the usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs and tubercular matter that from birth life is made miserable with suffering. Others who inherit the disease succeed in holding the trouble in check during young, vigorous life, but when the system has begun to weaken and lose its natural vitality, and especially after a spell of sickness, the ravages of the disease will commence, and in a great many cases terminate in Consumption. S. S. S. is the very best treatment for Scrofula. It renovates the entire circulation and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes to the very bottom of the trouble and removes the cause and cures the disease, but it supplies the weak, anaemic blood with the healthful properties it is in need of. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and any medical advice about Scrofula given free of charge.

AT THE CHAUTAUQUA.

Meeting Monday Fairly Well Attended. A Delightful Program.

The attendance at the Chautauqua on Monday was a little better than usual, and those present thoroughly enjoyed the exercises of the day.

The exercises began at 9:30 o'clock in the morning with the usual Biblical hour by Dr. Gross Alexander, followed by the School of Physical Education by Prof. and Mrs. C. Rucker Adams.

At 3 o'clock in the afternoon there was an hour of miscellaneous readings by Mrs. Maud McLean Stevens of Philadelphia, assisted by Miss Bessie Brady, soloist.

In the evening Dr. McLean of Chicago delivered an interesting and instructive lecture on "Lake Yaho, Yosemite and the Big Tree," which was illustrated with a series of fine stereopticon views.

The program today will be as follows:

9:30—Biblical hour.

10:30 a. m.—School of Physical Education, "Americanitus—Cause and Cure." Prof. and Mrs. C. Rucker Adams.

3 p. m.—Lecture, "Old Times in Dixie," Dr. A. W. Lamar, Nashville, Tenn.

8 p. m.—Grand double entertainment. Walden, the famous magician, with an assistant. The finest entertainment of its kind in the country. Also, first appearance of the famous Otterbein Male Quartette and Hand-Bell Ringers.

DEATH OF ISAAC HEYMAN.

One of Micanopy's Former Citizens Passed Away in South Carolina.

Information reached this city Sunday evening of the death of Isaac Heyman, which sad event occurred at the home of his daughter, Mrs. Lucille Heyman, Chester, S. C., in the morning of Sunday, death occurring from apoplexy.

Deceased was seventy-nine years of age, and was well known in this section, having resided with his family for many years at Micanopy, where he was engaged in the mercantile business. He was a good citizen, always working for the best interest of his town and his section, and had many friends.

Deceased is survived by two sons, Marion Heyman of Camden, S. C., and Henry Heyman of Savannah, and three daughters, Mrs. Sam Openheimer of Savannah, Miss Minnie Heyman of Archer, and Mrs. Lucille Heyman of Chester, S. C., to whom the sympathy of friends is extended. Miss Heyman was notified of the death and came to Gainesville Sunday night, taking the early morning train for Savannah, where the funeral was held Monday afternoon.

DEATH OF DR. PEPPER.

Old and Well-Known Methodist Minister Passed Away Monday.

It was with a feeling of deep sorrow that our people learned of the death of Rev. E. I. D. Pepper, which occurred at the home of his son, W. M. Pepper, Monday afternoon.

Deceased was a native of Philadelphia, and was seventy-five years of age. He was a Methodist minister of prominence, but owing to feebleness had not been active for the past few years. He came to Gainesville about three years ago, since which time he has resided with his son.

A more extended notice of the life and character of this grand old gentleman, who was a friend of everyone, will be given later. His demise has caused a feeling of sorrow in the entire community and sympathy is extended to the bereaved family.

Funeral arrangements will be announced Wednesday morning.

WERE AFTER MONEY.

Burglars Entered Chitty Store and Pried Open the Safe.

Early Sunday morning burglars entered the store of H. M. Chitty & Co., any by the aid of the store hatchet, pried open the interior safe door.

Notwithstanding the fact that there was considerable money in the safe, the would-be burglars did not succeed in getting away with any of it, evidently being frightened before they had the opportunity to make full investigation.

A strange feature of this would-be robbery is the fact that no windows or doors were broken, the intruder having gained admittance and exit in some mysterious manner.

There is no clue to the would-be robber.

Card to the Public.

As my term of office as a member of the Board of Public Works will expire the first of June, and an election is to be held next month to fill this vacancy, and as I have been urged by a number of the citizens and property owners to accept the office again, I take this opportunity to announce that I cannot again accept the office. It has been a great sacrifice for me to have performed the duties as a member of the Board of Public Works for the past two years, and I feel that some one else should now make the sacrifice and take my place.

I therefore earnestly request of my friends that my name be not suggested at any public meeting, and that they do not vote for me for the place, as I cannot accept it.

I have tried to serve the people as faithfully as I could and I feel that I have done my duty, but I cannot make the sacrifice any longer. Very respectfully, W. W. HAMPTON.

These Stores Will Close.

With a desire to give their clerks a well-earned rest, Hyde & Tench, Chitty & Co. and Phifer & Morris have decided to close their respective places of business at 6:30 daily except Saturday for the summer months.

This action on the part of these firms will be appreciated by the clerks, who are accustomed to long hours.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

DR. ROGERS TO REMAIN.

Refused a Flattering Call to Wealthy Church of Alabama.

Friends of Rev. S. B. Rogers, pastor of the First Baptist church in this city, will be gratified to learn that he has refused a very flattering call to the Baptist church of Brewton, Ala., which was tendered him at a much larger salary than he is receiving here.

The fact that Dr. Rogers decided to remain here is appreciated not only by the members of his congregation, but by all Christians of every denomination, as Dr. Rogers has made a faithful and efficient pastor not only for his church, but for the people. In all charity work he has been the leader, and in all he has been a valuable acquisition in sustaining the morality of the city.

Dr. Rogers announced his decision from his pulpit Sunday morning, which was very gratifying to those present.

IN MAYOR'S COURT.

Coon With Illustrious Name Arraigned for Disorderly Conduct.

The mills of justice were set to grinding in the usual Monday session of the municipal court, two offenders having been arraigned before Mayor Thomas.

One of these offenders bore the "illustrious" name of Jesse James, and, though he did not have the appearance of being as desperate, the charge of disorderly conduct he was compelled to face brought out the fact that he had been disorderly, and he was fined $2.50 and costs.

John Woodson, also arraigned upon a charge of disorderly conduct, was assessed a fine of $5 and costs.

Card of Thanks.

We desire to extend our heartfelt thanks to our many friends for their kindness and sympathy extended us during the illness and death of our little darling, Ruby Grant. We also wish to thank them for the beautiful floral offerings, and assure them that such kindness will never be forgotten.

Governor Broward has removed two Florida sheriffs during the past week—Jackson of Hillsborough and Murrhee of Lake.

The courageous merchant increases his advertising when he sees and feels the need of increased sales. That's just "common sense."

Good thing to move if you live in the wrong place—good thing to watch the ads. for a time before deciding on the new place, however.

Freshwater fish are now a scarce article in the lakes of this section. It appears that the fishermen have "killed the goose that laid the golden egg."

Visitors from the North should not overlook the fact that March and April are the most delightful months of the year in Florida—especially April.

Mr. Taft is playing politics for all there is in it, while the understrappers of the War Department have to attend to the Government business which Taft is paid to do.

The dogwood, jasmine and other flowers now perfume the woods in all directions from Gainesville, and it does both the mind and body good to spend a day among them.

Coney Island railroad employ suing for damages declares he has been deprived of 3,000 hours that should have been devoted to masticating his food. Pretty good meal to require so long to chew.

C. L. Bittinger, editor of The Ocala Evening Star, is a candidate for the Legislature from Marion county. Mr. Bittinger deserves the office to which he aspires, and The Sun hopes that he will "get there."

Russia is much perturbed over the report that its naval experts have revealed to an English firm its secret process for making armor and high-velocity shells. Perhaps it is a conspiracy against Great Britain.

The Ocala Banner remarks that "Florida excels all other States in the value of her oyster industry. Also in her sponge industry. Also in her fish industry. Also in her cigar industry. Also in her pineapple industry. Also in her phosphate industry. Also in her turpentine industry. Also in many other industries. And Florida has her face turned well to the front, and is going forward in leaps and bounds."

The Sun heartily agrees with The Times-Union in the following expression of sentiment: "Anyone who in committing a crime, takes all the chances of the death of innocent persons resulting from his act, should meet with capital punishment, if convicted. This applies to incendiaries. The criminal who starts out to commit a crime armed to slay those who oppose him, as does the burglar, should be hanged even if he does not find use for his weapons—hanged for his cold blooded intention."

THE NAVAL INVESTIGATION.

The Sun's Washington correspondent says there is nothing particularly edifying in the investigation that has been going on before the Senate Committee on Naval Affairs. The thing all came through the magazine article written some months ago by Henry Reuterdahl, a naval artist who made the discovery that everything was all wrong with the navy. Mr. Reuterdahl is not a naval expert, not a warship constructor, nor anything in that line. He is merely an artist who has done a good deal of ship drawing and ship painting, and who in the course of his work has been thrown into contact with many naval officers, each of whom has some particular hobby, as is only natural with men of any profession who are interested in their work. Some of these officers, in perfectly good faith probably, declared that the American warships carried their armor belt too low. Others thought that the ships did not have enough freeboard, others thought that the ammunition hoists could be improved, and others that the turrets were not properly protected. All these points are technical matters that furnish subjects of discussion for the naval boards of all the great powers, and all of them have been figured out in the light of the best naval construction with each successive warship that the American navy has built. But Mr. Reuterdahl bunched all of the criticisms and made it appear that the whole of the American navy was fit for little but the scrap pile. Therefore the Senate Committee on Naval Affairs has had numerous witnesses before it, Admiral Converse, Admiral Capps and a number of others, all of whom have agreed that the charges of bad construction were unfounded. It was not till the committee got before it Commander Sims that they found anyone to agree with Mr. Reuterdahl. Commander Sims said that all of the charges brought against the navy were true, besides many others that had not been brought. He said that American sailors did not know the gun records of the world. And he said other things of the same sort. But as soon as he started in to say disagreeable things the committee shut him up as though they were afraid of finding out something. This did not seem very good either. If there is anything in the charges against the navy it ought to be brought out. That is what the investigating committee is for. If the charges are untrue, they will be easily disproved. The comments of Commander Sims sound on the face of them like unreasonable criticism, but the Naval Committee is never going to get at the truth by shutting up the witness and not allowing him to talk. The subject needs to be threshed out, and the more publicly the better.

The New York Commercial remarks that China's seizure of the filibuster off Macao, and her claims for damages because of the Vancouver riots, are two marked steps of advancement more significant than appears at first glance. Is it the sleeping dog waking?

Those critics who have been deriding Hon. D. U. Fletcher for his methods of advertising are beginning to realize that he is now the most widely-known of all the candidates for United States Senator.

Sweet potatoes are said to be retailing in Tampa at $1.20 per bushel. Evidently the farmers of South Florida pay little attention to this profitable crop.

The fact that there have been no recent estimates on the increased cost of the Panama canal ought to go somewhat toward restoring financial confidence.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

ROOSEVELT THE HERESIARCH.

"This is not a period of Republican ascendency," former Governor Black told the Home Market Club at Boston a few days ago. Considering that this same champion of tariff protection, when nominating President Roosevelt four years ago, declared that he was "the highest living type of the youth, the vigor, and the promise of a great country and a great age," shows that either Mr. Bryan must be right when he said that most of the Roosevelt policies are Democratic or Governor Black must be a deep-dyed member of the Ananias Club. But only think of such a stanch Republican standpat organization as the Home Market Club cheering the declaration that the present administration is not Republican.

If the newspapers reflect the sentiments of the people, Hon. Frank Clark is today the most popular man in Florida—and justly so. The people of Gainesville and Alachua county are proud of the fact that Congressman Clark is a citizen of this county.

This scheme of translating a musical comedy into Esperanto looks like a waste of time. The average musical comedy is unintelligible enough to the average intellectual audience as it is.

With all the free advertising it has received in the past year and a half, it certainly seems as though Brownsville ought to be able to start something that would pay.

The Palatka Times-Herald is so unkind as to remark that "a frost and John Beard struck Gainesville at the same time."

"Used but useful" articles may be "turned into money" through the simple alchemy of classified advertising.

Thousands Have Kidney Trouble and Never Suspect It.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

RUN-DOWN PEOPLE OF GAINESVILLE NEED VINOL

The Modern Strength-Creator and Body-Builder.

Many people right here in this vicinity are all run-down and hardly able to drag about—don't know what ails them.

In ninety-nine cases out of a hundred this is caused by overwork, too close confinement or continued strain and worry.

Our local druggist, W. M. Johnson, says: "Such people need Vinol, our cod liver preparation without oil, which contains in a highly concentrated form all of the medicinal and strength-creating elements of cod liver oil actually taken from fresh cods' livers but from which the useless oil has been eliminated and tonic iron added."

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails.—W. M. Johnson, Druggist, Gainesville, Fla.

ARREDONDO NOTES.

Arredondo, March 9.—Misses Lila Frasier and Theresa Beville favored Gainesville with a visit Friday and Saturday.

Willie Chesnut of Gainesville spent Saturday with his father, W. T. Chesnut.

G. T. Barry spent Sunday with friends in Gainesville.

The Arredondo school, under the direction of Miss Lila Frasier as principal, is getting along nicely. There are eighteen pupils enrolled, and all seem to manifest a deep interest in the school and their work.

T. C. Beville went to Rocky Point Sunday, spending the evening with friends.

The farmers are busy now making their stands for the corn and cotton crop, which promises to be large.

Arredondo is forging ahead. Among other improvements contemplated is a new depot, which will be provided with a waiting-room and other conveniences.

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. THE NEWS FROM MELROSE.

Pleasant Outings—Visit of Masonic Officer—New Arrivals.

Melrose, March 9.—Dr. and Mrs. J. B. Curtis of Orange Heights entertained a number of their Melrose friends at lunch on Thursday. The long drive from Melrose had sharpened all appetites and everybody did full justice to the sumptuous repast provided. The menu consisted of raw oysters, oyster soup, sea trout, fried chicken and vegetables, salad and dessert.

Miss Flora Morris gave a delightful picnic at Parrish Hammock on Friday, Mrs. Hamlyn having very kindly placed her motor launch at her disposal. A jolly crowd of fifteen started out at an early hour for their destination, where a happy day was passed with various games. An excellent lunch made a pleasant opportunity for rest. The return home was enlivened by many songs, several solos on a megaphone furnishing much amusement

The Home Mission Society of the M. E. church will give a social at Mrs. A. W. Craig's on the evening of March 16. An admission of 10 cents will be charged, for which refreshments will be served. A "swapping party" will be part of the program, and everybody is requested to bring something to swap with his neighbor.

Mrs. J. A. Remmel will read a paper on "War on Tuberculsis" at the next meeting of the Ladies' Literary and Debating Society, March 13th.

Melrose Lodge 89, F. and A. M., was honored at their meeting on Saturday by the presence of the R. W. D. D. G. M., Wm. Lake, of Starke, who in the morning session assisted in conferring the E. A. and part of M. M. degree. In the afternoon a chapter of the Eastern Star was organized. Quite a large number of ladies were present, Orange Heights, Waldo and Rex being represented, and the full number of members were ready to sign the petition for the establishment of a chapter in the near future.

Robt. Bingham, Fitchburg, Mass.; T. P. Moore, Elizabeth, N. J., and A. D. Gordon, wife and nieces of Philadelphia, Pa., are new arrivals at the Huffman House.

DR. KELLEY PLEASED.

Schools of the West End Are Prospering and Doing Fine Work.

Dr. J. L. Kelley, Superintendent of Public Instruction of Alachua county, has returned from points in the West End, where he has been on an official visit for the past three or four days.

Dr. Kelley feels very much gratified at the condition in which he found those schools visited. The teachers and students alike seem to manifest a deep interest, with the result that they are working together and in harmony. This means success both for the school and the pupils, as both are progressing through the co-operation and influence of each other.

RETIRED BUSINESS MAN FAVORS NEW THEORY

E. H. Lambert, of Everett, Massachusetts, Believes Stomach the Seat of Life.

One of the most interesting statements made recently concerning the much discussed Cooper theory, that has spread over the country during the past year, is made by E. H. Lambert, a retired business man, whose home is at 115 Francis Street, Everett, Mass.

Mr. Lambert has this to say in connection with Cooper and his medicines: "Some time ago I read an article about this man Cooper, in which he claimed that stomach trouble was directly responsible for most ill health. He went on to say that, although his medicine did nothing but get the stomach in sound condition, it would, in many cases, remove kidney and liver trouble and various other ailments. He argued from this that the stomach was the main cause of sickness, and stated that the success he has had with his medicines was due entirely to this fact.

"I am now fully convinced that this theory is correct, and believe Cooper has a really remarkable medicine, judging from my own experience.

"I have been a sick man for five years. Three years ago I was told by a physician that I had Bright's disease of the kidneys. I have treated constantly for this trouble since, without results. After reading the article I have mentioned, I purchased some of this man Cooper's medicine. I have been astounded by what it has done for me. I was relieved to some extent within 24 hours. Today my health is better than for five years, and so far as I can tell, my kidney trouble has disappeared.

"My wife, who had stomach trouble for some time, tried the preparation after noting its action in my case, and her improvement is fully as marked as mine. She now eats heartily three times a day without any distress whatsoever. Her nervousness has also left her. I certainly believe this man's success is fully justified, as he undoubtedly has a wonderful medicine."

We will gladly describe the remarkable record made by the Cooper medicines to all who wish to know of them. —J. W. McCollum & Co.

HON. JAS. M. GRIGGS IS FARMERS' FRIEND

His Great Work For Rural Free Delivery Routes.

$35,000,000 SPENT LAST YEAR

He Now Goes to the Ways and Means Committee—Speaker Cannon Compliments Heflin's Speech on George Washington—Ellerbe's Appointment.

Special Correspondence The Daily Sun.

Washington, D. C., March 9.—Representative Jas. M. Griggs of Georgia last week made one of the most notable speeches ever delivered on the floor of the House of Representatives, dealing with the rural free delivery service. Judge Griggs gave a complete history of the service co-equal with his service in Congress. He bade good-bye to his old friends on the Postoffice and Post Roads Committee in beautiful language, saying that while he had, perhaps, in being appointed to the Ways and Means Committee, gone to a better land, he felt sure not to a fairer one. He then told the House about how when he first came to Congress an appropriation of $40,000 had been made for rural delivery, and then one of $50,000. He referred to the bill introduced by him in the 55th Congress asking for the appropriation of $1,000,000, and related how he fought it out in the committee, securing $250,000. At the next session the appropriation went up to nearly $1,000,000, and after that there was never a suggestion of opposition for rural free delivery. It having become a pronounced success the Republican party of Philadelphia put it in their platform. He proceeded to talk of the advantages to the people, both of the towns and the country, and of the rural delivery parcels post; which means a parcels post confined exclusively to rural routes without the intervention of railway mail service, or star route service, or any other kind of mail service. Every package mailed on the route must end either on that route or on some route with which it directly connects. And in this connection he suggested to the Republicans who are fighting the proposed legislation to establish a limited parcels post that "when a few of us have succeeded in making it a success, as a few have of rural delivery, you will also add it to your platform, and not before."

Largely on account of the persistent efforts of Judge Griggs the appropriation for rural free delivery service this year reached the amount of $35,000,000. Also it is widely known that the deficit in the Postoffice Department of $6,000,000 last year, which has been reduced to that amount since the opening of the rural free delivery service, from $17,000,000, would have been wiped out entirely but for the increase in salaries, about $6,000,000 of which went to the rural carriers; for which the whole world knows Judge Griggs fought during the entire session of Congress until accomplished.

In conclusion Judge Griggs said: "I take a great pride in the fact that I was one of the seven men acting on the sub-committee of the Postoffice Committee, which made up a bill, who were the driving force for the establishment of the rural delivery, and I hope to live to see the same with regard to a limited parcels post."

Cannon Lauds Heflin's Speech.

On the night of February 22nd Hon. Joseph Cannon, or "Uncle Joe," as he is familiarly called, and Representative Heflin of Alabama were the principal speakers at Alexandria, Va., at a Masonic banquet held in the George Washington lodge room, and both gentlemen were permitted to sit in the chair used by Washington when he was Worshipful Master of the lodge. Uncle Joe, in speaking of Mr. Heflin's speech, said: "Heflin's speech on George Washington deserves to be treasured among the classics. It was a great speech."

This banquet is an annual celebration with the Masonic lodges of Alexandria, who meet each year at Washington's old lodge and honor and revere his name on his birthday.

Ellerbe of South Carolina Fortunate.

This is only the second term in Congress for Hon. J. Edwin Ellerbe of South Carolina, nevertheless he was appointed to the important Committee on Rivers and Harbors over a number of Representatives who outrank him in length of service by a long while. This distinction was never before conferred on any other South Carolina Representative after so short a length of service, and is a distinct compliment to Mr. Ellerbe's ability. He is now placed in a position to aid the waterways of his State better than any of her Representatives, and it is his intention to investigate and care for the waterways of the country as they should be. In a recent message of the President to Congress a suggestion to this effect is made, and likely Mr. Ellerbe will be foremost in framing the legislation to be enacted next winter. There are 1,000 miles of navigable or easily navigable streams in Mr. Ellerbe's own district, and it is safe to say he will not be slow to look after the interests of his own State and district. BEN. H. SULLIVAN.

BABY BOY HAD ITCHING HUMOR

Which Broke Out in Different Places —Nothing Would Help Him— Mother Almost in Despair—Skin Quickly Healed Without a Scar and Trouble Has Never Returned

SINCE USING CUTICURA MOTHER GIVES IT PRAISE

"Several months ago, my little boy, now two and a half years old, began to break out with itching sores. I began to doctor him, and as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. One evening I read a testimonial from a lady who had cured her little boy with Cuticura. I began to use the Cuticura Soap and Cuticura Ointment, and after using them three times, the sores commenced to heal. He is now well, and not a scar is left on his body. They have never returned nor left him with bad blood, as one would think. Cuticura Remedies are the best I have ever tried, and they are surely great. I shall always have them in the house, handy, and shall highly recommend them to any one who is suffering likewise. I cannot give them too much praise. Mrs. William Geeding, 102 Washington St., Attica, Ind., July 22, 1907."

ITCHING TORMENTS

From little patches of eczema, tetter, milk crust, psoriasis, etc., on the skin, scalp, or hands of infants, children, or adults are instantly relieved and speedily cured, in the majority of cases, by warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, assisted, when necessary, by mild doses of Cuticura Resolvent. Cuticura Remedies are guaranteed absolutely pure.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

THE W. H. M. SOCIETY

Will Give Entertainment at Melrose on Night of March 16th.

Editor Sun: The Woman's Home Mission Society of Melrose organized February 20 with six members, now numbers seventeen members. These excellent Christian ladies are having some very interesting and profitable meetings. Their meetings are both instructive and inspiring to all who attend.

The society is well officered and wisely managed, and is destined to accomplish a great work for the cause of Christ.

The society has arranged to give an entertainment on the night of March 16th, at the residence of Mrs. Janie Craig. She and her noble husband will do all in their power to make it a happy occasion for all present.

A beautiful program will be rendered, refreshments will be served, and a small admission fee of 10 cents will be charged.

The proceeds of the entertainment will either be used on the church or parsonage. Ample provision will be made for a large gathering, and it is hoped that at least one hundred persons will be present. The public is cordially invited to attend. Fraternally, T. L. Z. BARR, Pastor.

Porto Rican National Forest to be Put Under Administration.

Washington, D. C., March 7.—Porto Rico will soon have its only national forest under administration. Mr. Rothkugel, of the United States Forest Service, has just sailed from New York for the island to make a study of forest conditions and outline a plan of management of the Loquillo National Forest.

The Loquillo is the only National Forest in the insular possessions of the United States, and while it was created in 1903, provisions for its administration were not made until early in January, when the Comptroller of the Treasury affirmed the jurisdiction of the Department of Agriculture over the forest.

The forest takes in a little less than 66,000 acres and is located in the northeastern part of the island. Mr. Rothkugel, who goes to make the plan of its administration and study of its forest conditions, is eminently fitted for the work, having had long experience in forest work both for the Government and for private corporations. Mr. Rothkugel, on reaching Porto Rico, will confer with Governor Post, who has been exceedingly anxious that the forest be put under early administration. He will spend three months studying conditions and making his plans, and will report to Forester Gifford Pinchot.

While in Porto Rico he will select and appoint native rangers, picking men who have a thorough knowledge of forest conditions in Porto Rico. This is in keeping with the Government's policy of putting all National Forests under administration of local officers.

Many of the laws governing the regulation of the National Forests in this country will not apply to Porto Rico forests, because of the different conditions. It is expected that the Loquillo National Forest will be put under actual administration next fall, by which time the detail of Forest Agent Rothkugel's plans will have been worked out and approved by the forest officers in Washington.

Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

If you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest medicine of KNOWN COMPOSITION, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, *in plain English*, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authorative profesional endorsements by the leading medical authorities of this country, will be mailed *free* to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

CANAL WORK PROGRESSING.

At Present Rate Waterway Can Be Opened Before 1912.

Panama, March 7.—The newspapers here comment favorably on the extraordinary amount of canal excavations for the month of February, which, if continued upon the same scale, would make possible the opening of the canal before 1912.

As a sort of celebration in honor of the return of Lieutenant Colonel George W. Goethals, the chief engineer of the Panama canal, who has been in Washington for some time past, the total amount taken from Culebra cut Wednesday, as reported by the engineer in charge, was 55,064 cubic yards. This was taken out in eight hours by the employment of forty-eight steam shovels, on one of the hottest days of the season. This record exceeds all previous records since the Americans have assumed operation of the work.

MUNICIPAL POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,
CHAS. PINKOSON.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,
BEN T. ARNOW.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order, C. L. KITE.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.
